Please prepare a brief, one-page essay describing why you would like to work as a Hamilton Educational Fellow at Jenkins Arboretum & Gardens. Describe your past experiences in horticulture (or related fields), how the Fellowship experience might relate to your academic or professional goals, and attach any additional information you would like to include with this application.

Interest Areas

All Fellows are required to complete a special project based on the needs of the Arboretum & Gardens and the Fellow's particular interests, as well as participate in additional activities to expand the Fellow's experience. To give us a better idea of your interests, rank each topic based on your level of interest (1 = low interest to 3 = high interest).

- | | |
|---|---|
| <input type="checkbox"/> Designing a landscape | <input type="checkbox"/> Teaching a class or workshop |
| <input type="checkbox"/> Leading tours | <input type="checkbox"/> Writing a wildflower guide |
| <input type="checkbox"/> Assisting with social media | <input type="checkbox"/> Working with honeybees |
| <input type="checkbox"/> Greenhouse propagation/nursery management | <input type="checkbox"/> Mechanical – working on mowers, blowers, welding, etc. |
| <input type="checkbox"/> Graphic design projects | <input type="checkbox"/> Vegetable gardening |
