**Please prepare a brief, one-page essay** describing why you would like to work as a Hamilton Educational Fellow at Jenkins Arboretum & Gardens. Describe your past experiences in horticulture (or related fields), how the Fellowship experience might relate to your academic or professional goals, and attach any additional information you would like to include with this application.

## Interest Areas

All Fellows are required to complete a special project based on the needs of the Arboretum & Gardens and their own interests. Fellows also participate in additional activities to build on their experience. To give us a better idea of those interests, rate each of the following based on your level of interest (1 = low interest to 3 = high interest).

- |   |   |
|---|---|
| <input type="checkbox"/> Designing a landscape  | <input type="checkbox"/> Teaching a class or workshop   |
| <input type="checkbox"/> Leading tours  | <input type="checkbox"/> Writing a wildflower guide   |
| <input type="checkbox"/> Assisting with social media  | <input type="checkbox"/> Working with honeybees   |
| <input type="checkbox"/> Greenhouse propagation/nursery management  | <input type="checkbox"/> Mechanical – working on mowers, blowers, welding, etc.                   |
| <input type="checkbox"/> Graphic design projects  | <input type="checkbox"/> Vegetable gardening  |
| <input type="checkbox"/> Curation – assisting with mapping and database management  | <input type="checkbox"/> Creating new trails through currently undeveloped areas                  |
| <input type="checkbox"/> Woodworking/building   | <input type="checkbox"/> Redesigning a bog garden   |
| <input type="checkbox"/> Working in the Plant Shop (re-stocking, potting, writing educational materials and labels, etc.) | <input type="checkbox"/> Helping to restore woodlands (invasive removal, planning and replanting) |
| <input type="checkbox"/> Starting/managing a special collection (ex: native orchids, ferns, mosses, grasses)              | <input type="checkbox"/> Travelling to natural areas to collect seeds/cuttings of native plants   |
| <input type="checkbox"/> Making a video (YouTube)   | <input type="checkbox"/> Working with houseplants   |
| <input type="checkbox"/> Coordinating a rare and endangered species plant sale  | <input type="checkbox"/> Helping on committees to coordinate future activities/programs           |
| <input type="checkbox"/> Photographing and recording the bloom times of plants  | <input type="checkbox"/> Making a poster of native plants   |
| <input type="checkbox"/> Attending plant-related conferences  |   |
